MANPOWER SUPPLY (CIVIL & MEP)

Construction projects in UAE are being executed in a fast paced environment where most projects are delivered within a year. This arises the need to have optimum manpower at various stages during the course of execution of a project. Firms avoid being in situation where recruitment and termination of manpower happens sporadically depending on various stages of projects as this only increases unnecessary expenses and project cost.

It is here where our local manpower supply services come to the fore. We offer manpower whenever and wherever our clients' need in UAE. Manpower ranges from blue collar, white collar to even drivers and maids.

We are there to serve you with your needs in time and with unmatched quality for all of your manpower needs, be it oil and gas or power or aluminium or smelter or infrastructure.

Our employees undergo regular training at our facilities to upgrade their skills to keep pace with the advancements in the client's industries. We assure that our employees are better trained, better managed and better looked after than those from other vendors. Our workforce is provided with sponsorship, accommodation, transport, medical insurance, life insurance, workmen's compensation, payroll & attendance services and all other benefits which are mandatory by the law. Let us take care of your manpower needs and you focus on your business. Hire our services to get the best manpower in the industry. We focus to serve exclusively to the following sectors.
